Why Choose a Consultation?

Every patient is unique, and there is no one-size-fits-all approach to cosmetic care. A consultation allows you to understand your options, ask questions, and determine the treatment plan that is most appropriate for you.

Dr. Ledding believes that the best results come from careful planning, clear communication, and a thorough understanding of each patient's goals.

Preparing for Your Appointment

To make the most of your consultation, consider:

- Thinking about what areas you would like to improve
- Bringing a list of questions
- Reviewing any previous cosmetic treatments
- Sharing your medical history and medications

Your Comfort and Care Come First

Choosing a cosmetic treatment is a personal decision. Dr. Ledding and his team are committed to providing a comfortable environment where patients feel informed, supported, and confident in their choices.

Cosmetic Surgery Fees

Each patient is different, and their requirements are different. Fees are based on your case and the amount of work Dr. Ledding estimates your procedure will require. Definite quotes will be provided only after you have been seen and assessed by Dr. Ledding in person.

Consultation Scheduling Fee

A valid credit card number is required at the time of booking your consultation. The fee for a consultation is \$215. This is a one-time fee, which will be credited towards the cost of your procedure should you book a surgery, with the exception of minor procedures & injections.

What you are paying for?

The fee facilitates a time for you to see Dr. Ledding, and prevents another patient from being booked at the same time. If you are unable to attend your consultation, we require 24-hr notice to cancel or reschedule your consultation to have your consultation fee refunded.
